

## Manchester Boys Youth Basketball Clinic 2020-2021

The goal of this years youth clinic will be to introduce the game of basketball and its fundamentals while playing the game. We feel that our students will learn best and have the most fulfillment from live Basketball. Participants will be taught fundamentals and then have the opportunity to practice those skills in organized games. The Manchester youth director Jake LaCross will be assisted with Varsity and Junior Varsity coaches as well as players.

The intended format is one week of skill development, followed by **five weeks** of competitive basketball coupled with fundamental practice. Our #1 goal is to get our boys playing 5 on 5 basketball.
