The transfer of student records in Michigan is governed by Revised School Code Section 1135 (MCL 380.1135) which requires that:

Within 14 days after enrolling a transfer student, the school shall request in writing directly from the student’s previous school a copy of his or her school record. Any school that compiles records for each student in the school and that is requested to forward a copy of a transferring student’s record to the new school shall comply within 30 days after receipt of the request unless the record has been tagged pursuant to section 1134 (Section 1134 deal with records of missing students).

In the view of the Michigan Department of Education, the “school record” referred to in section 1135 includes a student’s disciplinary record, including any suspension or expulsion action against the student.

I hereby authorize the release of all records relating to this student, including special education records, to the Manchester Community School District.
